

## Brief Professional Biography Form

Name: **Kasandra Davis, MS, RD, LD**

Title: **Child Nutrition Director**

School District: **Brenham ISD**

Board Position nominated for: **Education Chair**

Number of years you have been a TASN Member: **11 years**

Number of years you have been a SNA Member: **11 years**

TASN Positions you have held: **N/A**

TASN/SNA Presentations you have done: **N/A**

Education/Certifications that you have:

- **Master of Science in Human Resource Development- Adult Education, Texas A&M University, December 2020**
- **Serve Safe Certification, July 2017**
- **Licensed Dietitian, Texas, February 2014**
- **Registered Dietitian, December 2013**
- **Bachelor of Science in Food, Nutrition and Dietetics, Stephen F. Austin State University, May 2010**

Other Information you would like to include: **I recently graduated with my master's degree in human resource development with an emphasis in adult education. Serving as the TASN education chair would provide an opportunity to expand what I have learned to other child nutrition professionals. Throughout my child nutrition tenure, I have worked in various roles and districts that I believe has provided me the experience to work with TASN members and build educational opportunities.**

Goals for Office: **As a new director, I would like to see that the Administrator's Academy is an opportunity for future leaders to leave feeling prepared to step into an administrator's role. When I was looking into this program for myself a while back, I was told it wouldn't be beneficial for me. We can't ask what we don't know and I feel that this is a program that can be strengthened and marketed to gain qualified and interested TASN members.**

**I recently transitioned to a district where their TASN Association has dissolved. Unfortunately, this has occurred across our state for various reasons. I would like to use this leadership opportunity to provide educational opportunities so that our members can see the value in TASN and a return on their investment. The stronger our educational opportunities and membership are, the more impact our state association can make.**
