In order to be recognized at the TASN Conference, this form must be submitted to the TASN headquarters office by February 10th, 2023.

Please review second page.

PARTNERSHIP IN NUTRITION AWARD

The Partnership in Nutrition Award for school food and nutrition employees is designed to recognize the valuable program contribution of persons who support the school food and nutrition department. These employees determine, to a great extent, if the program is an outstanding program or merely ordinary.

Employees influence the quality of school food and nutrition programs by their appearance, attitude, interest in young people, cooperation, work attendance, creativity, attitude about professional growth and training, and their willingness to "go an extra mile" when necessary. These qualities are used to evaluate the award entries. Employees who support the school food service department do deserve to be recognized by their special achievements.

Local Chapter Procedures: The food and nutrition employees of each school will select one TASN member from the office staff, warehouse staff, or any other auxiliary/support staff (excluding anyone in a supervisory role). Each employee should vote by a secret ballot on February 1. Each person's program influencing qualities should be considered in the selection of the person who receives the Partnership in Nutrition Award.

- ✧ **This information should be given to each supervisor who will prepare the Partnership in Nutrition Award Entry form for his or her section's entry in the system competition.**

The entry form should be submitted to TASN Headquarters office by February 10th, 2023. Entries received after February 10th, 2023 will not be considered.

All school districts are encouraged to participate in the Partnership in Nutrition Award. Names of the chapter Partnership in Nutrition Award winners (one per chapter) will be published in the fall issue of the TASNNews. The Partnership in Nutrition Award winners will be recognized at the State Conference.

<p>To qualify for award, submit to TASN Headquarters by: February 10th, 2023.</p>
